Curriculum Policy

CURRICULUM GUIDELINES

Our current curriculum, as well as any future changes, will:

1. Be aligned with Kentucky's *Core Content* and designed to help all students master that Core Content.
2. Implement the *Program of Studies* or a council-approved modification of that program.
3. Provide equitable access to a common academic core for all students.
4. Provide links to continuing education, life, and career options.
5. Reflect the strategies adopted in our School Improvement Plan.

TEACHER ROLE

All teachers will:

1. Disseminate the curriculum expectations for their classes to students in an age-appropriate way and to all parents.
2. Teach the *Core Content* that is assigned for their particular area or areas.
3. Be prepared to contribute to discussions of needed changes in the curriculum.

PRINCIPAL ROLE

The principal will:

1. Ensure that copies of the curriculum standards and expectations for the school are available for parent review.
2. Meet with each new teacher to review this policy and the sections of the curriculum that apply to that teacher's assignment.
3. Hold discussions with the staff on possible curriculum revisions and report to the Academic Performance Committee on the results of those discussions.

CURRICULUM REVISION

The Academic Performance Committee will be responsible for making any needed recommendations to the council on curriculum revisions when one or more of the following events occur:

1. State officials modify the KERA Goals, the Academic Expectations, the *Core Content*, the *Program of Studies*, or the **Kentucky Core Academic Standards**.
2. District leaders or working groups modify district curriculum documents.
3. Our School Improvement Planning process identifies a need for adjustments.
4. Other schools in our district identify a need for changes in their curriculum or in ours that could alter our vertical articulation, create curriculum gaps, or allow unintended overlaps and redundancy.
5. During staff discussions, one or more teachers at our school identify a weakness or opportunity for improvement that needs to be addressed to ensure success for all students.
6. Other stakeholder input or data demonstrate a need to do so.

POLICY EVALUATION

We will evaluate the effectiveness of this policy through our School Improvement Planning Process.
